

the jimibeat lyrics

a mans choice

words by s. csillag, music by the jimibeat

days are gone, when i thought i knew
everything that's to be known
and every step i took in bloom
just showed me, that i was on my own

People came into my life nature tells me too
everything that's worth a lot just here for me and you

with a man's voice
it's a man's choice
i lift my head up to the sky
and feel my spirit fly on high

commitments took my redemptive sleep
and work stole all my precious time
beauty is but skin-deep
nothing seemed to be in chime

People came into my life nature tells me too
everything that's worth a lot just here for me and you

with a man's voice
it's a man's choice
i lift my head up to the sky
and feel my spirit fly on high

i searched for real things everywhere
and everywhere i found
so many ways that i could share
treasures all around

People came into my life nature tells me too
everything that's worth a lot just here for me and you

with a man's voice
it's a man's choice
i lift my head up to the sky
and feel my spirit fly on high
